Recital Line-Up and Program Edits

Please see the recital line-ups posted on the memo board. It will inform you as to which show(s) you're performing in as well as each show's rehearsal time and show time. Please check to be sure you have at least 4 dances in between each of your dances to ensure proper time to change costumes. Also, please check for spelling errors, as we will print our recital program based off this list. Any corrections need to be made in the office.
